A large, white, stylized silhouette of a bird, possibly a seagull or a similar large bird, is shown in flight. The bird is angled upwards and to the right, with its wings spread wide. The head is pointed towards the top right corner. The entire silhouette is set against a dark, textured background.

Foreword

As we prepare to disembark from the frigate F.H.S., we reflect upon these past four years. We remember the great storms and long calms, the trials and the tribulations. The sailing has been rough at times, but the experience gained has made it worthwhile.

We remember when we first boarded the ship; it took us quite a while to get our "sea legs." But, through the years, we have been guided by the friendly counsel and example of the captain and the crew. Now, as we leave, we are grateful to them for all their patience and assistance.

We have learned many things on board which we shall need to know on longer and harder voyages in the future. Most of all, we have discovered, through all of our studies, the two traits we will need the most, friendliness and cooperation.

D E D I C A T I O N

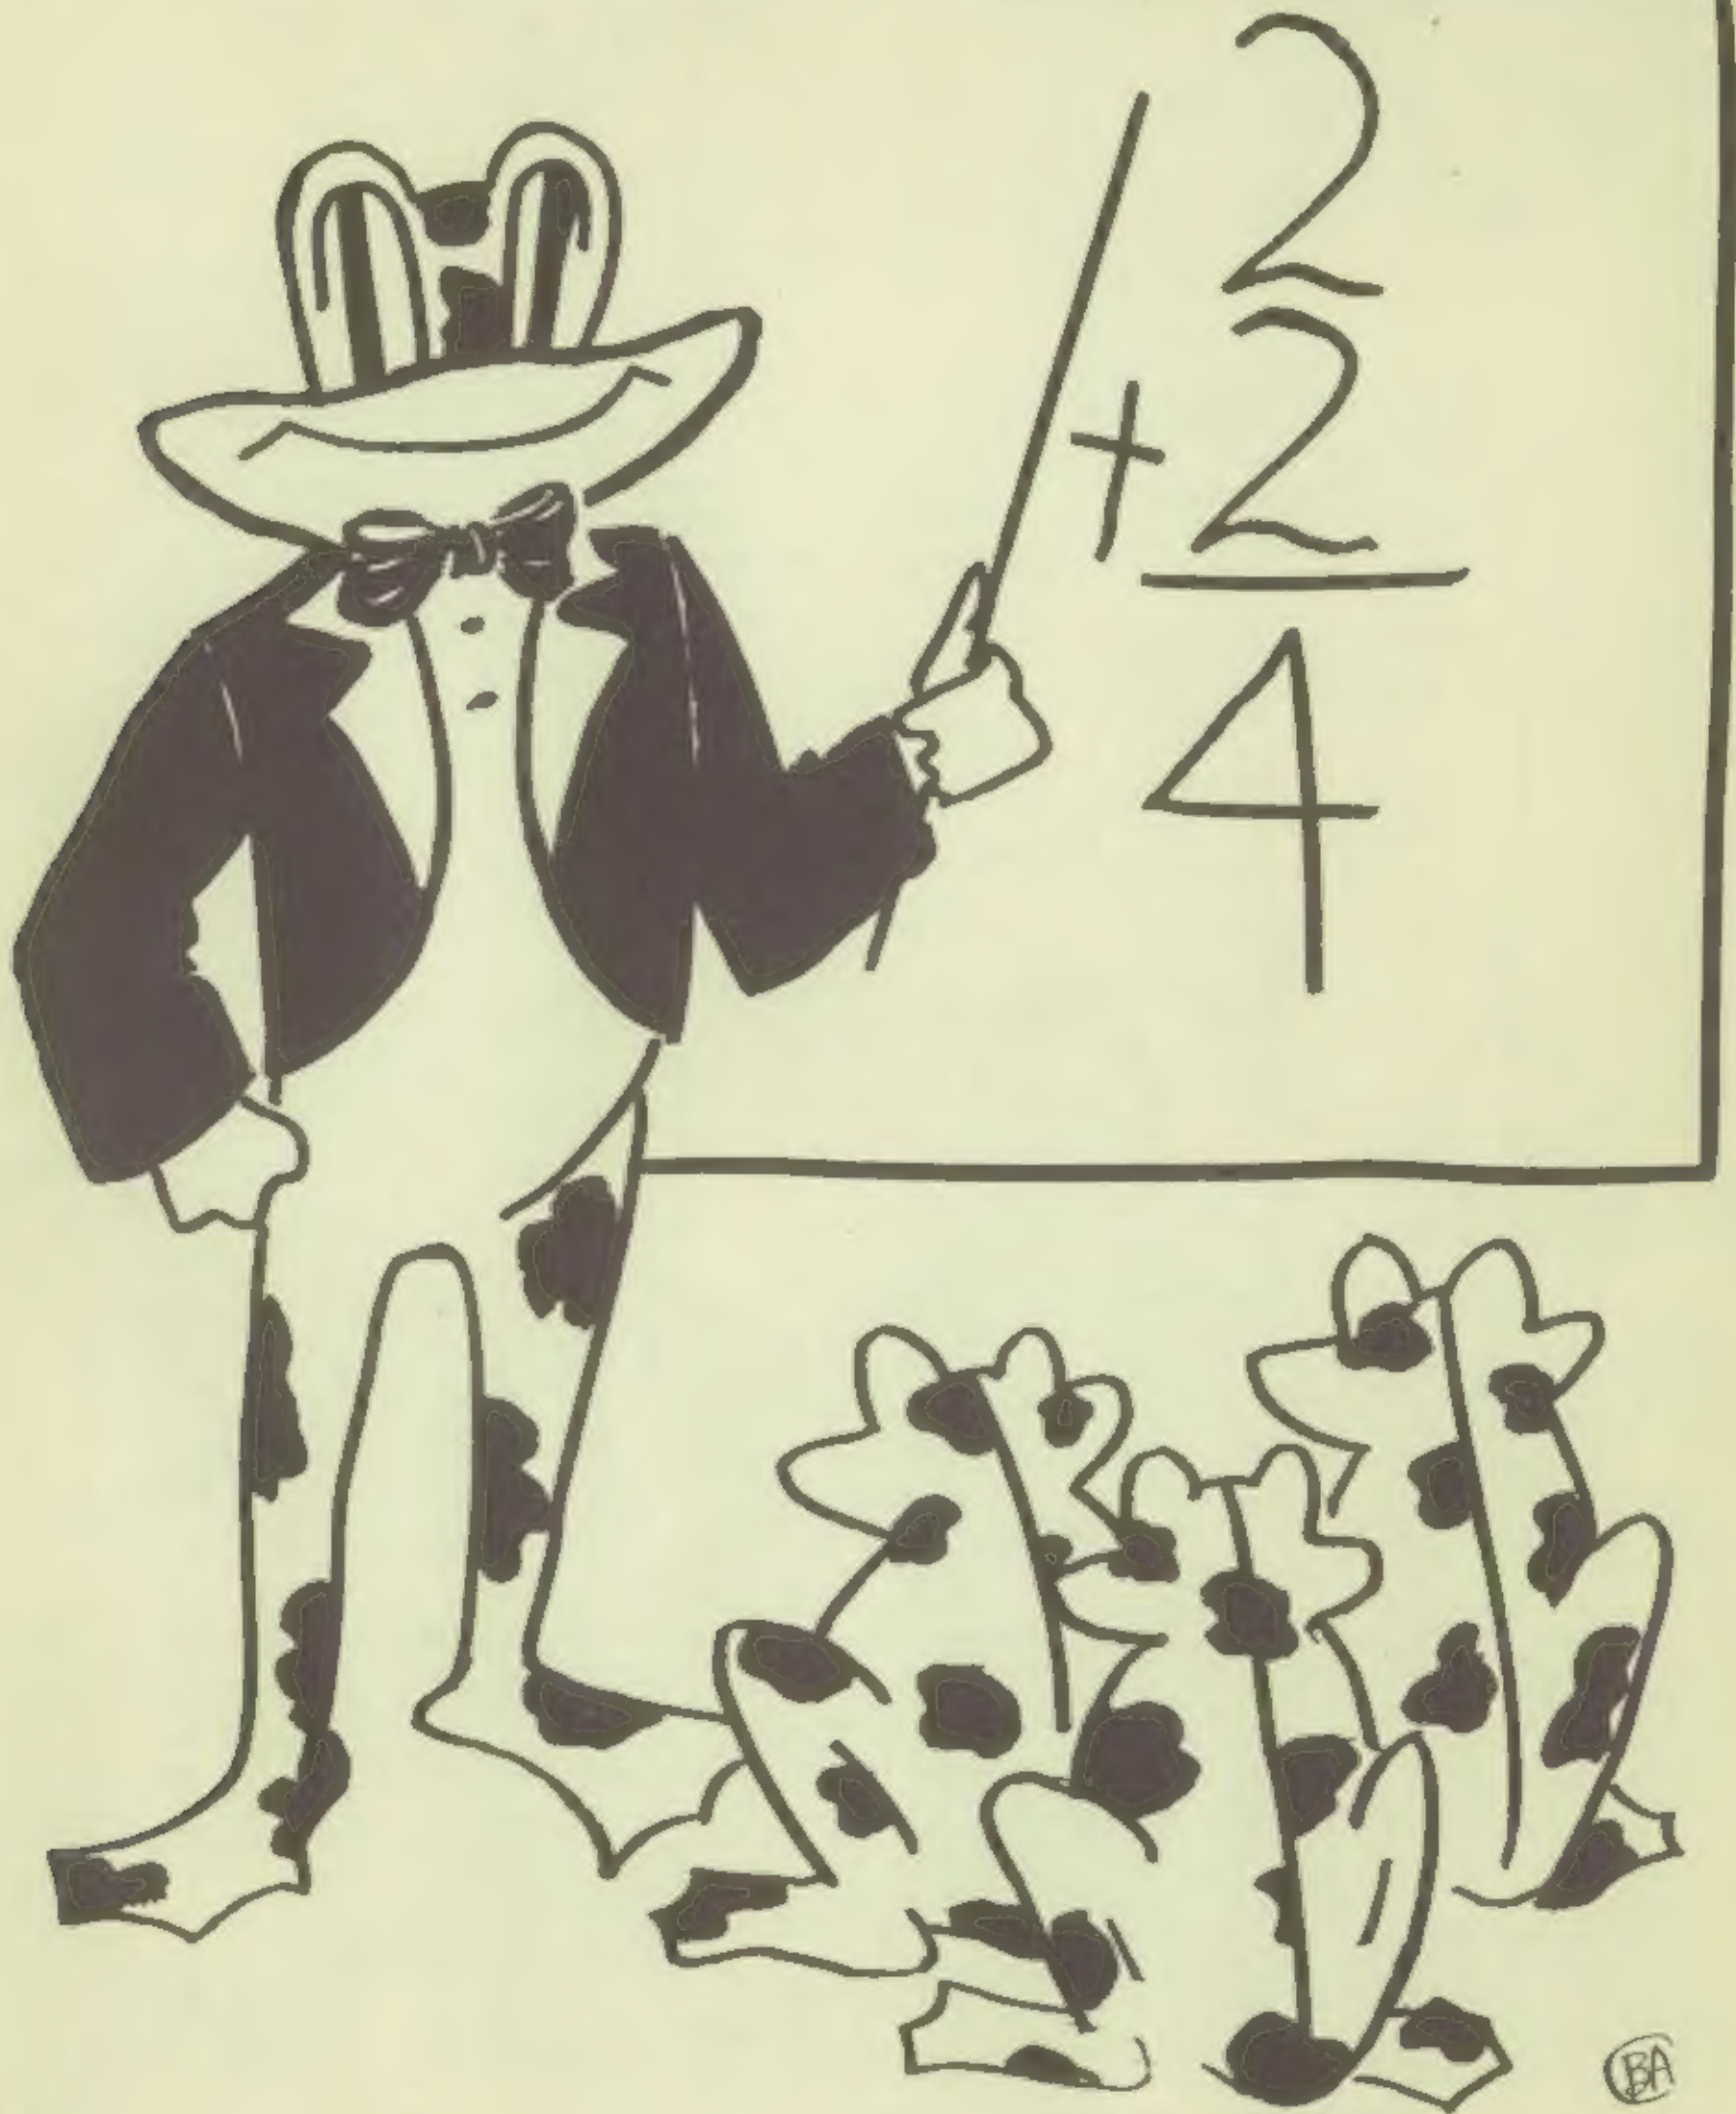

MRS. MARIE MURPHY

As our Junior Class advisor, Mrs. Murphy gave a great deal of her time, as well as material assistance, that contributed much to the success of our projects, the Junior dance, the Junior Prom, and the Three One Act Plays. Her friendly attitude and selfless assistance will be remembered by all of us.

To Mrs. Marie Murphy, therefore, we, the Senior Class, gratefully dedicate the 1954 Fultonian.

ADMINISTRATION

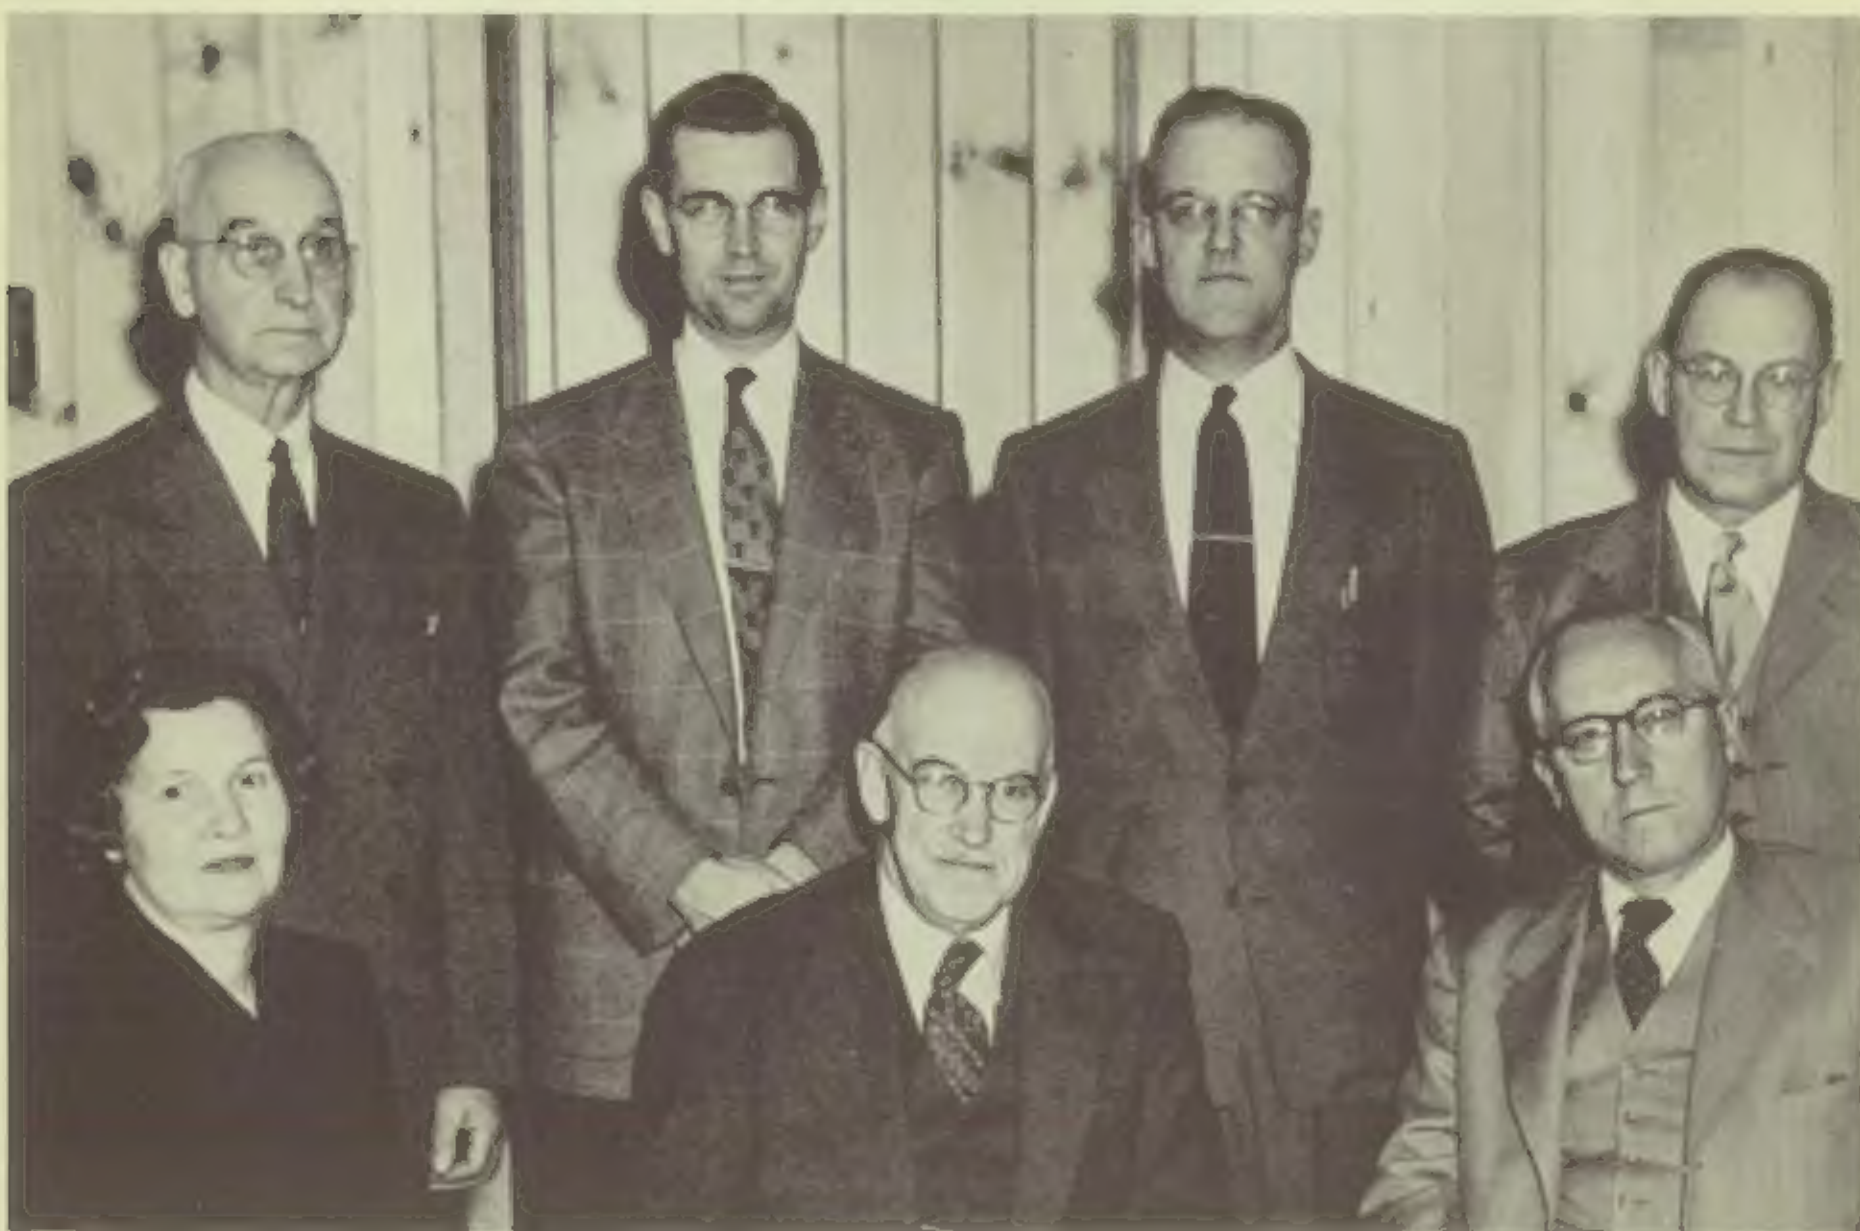

MISS MARY CONLEY

Every office owes its success to its aides, those people who work behind the scenes to take each project a little closer toward perfection. The Board of Education Office has two such assistants, Miss Mary Conley and Mrs. Alice Terkoski.

BOARD OF EDUCATION

These are the public-spirited citizens of Fulton who comprise the Board of Education. Members of the Board are appointed by the Mayor and serve terms of five years, without compensation. It is through their many hours of work that the problems of operating our school system are met and overcome. Our respect and admiration go to them for the splendid job they are doing.

First Row: Mrs. Harold McGovern, Mr. James Lanigan, Mr. Harry Gray

MR. G. RAY BODLEY

This year marks the completion of thirty-two years of selfless, untiring service upon the part of an outstanding member of the Fulton School System

Mr. G. Ray Bodley came to Fulton in 1920. He had been graduated by Syracuse University and had been principal of The Edward Smith School. He became superintendent of the Fulton schools in 1922. Since then he has worked constantly for the advancement and improvement of the educational system of this city. The Fulton High School, one of his most recent undertakings, is immediate proof of his capabilities. To him also is accredited the establishing of Fulton High School

His engaging personality and easy friendly manner has endeared him to all his associates. Both young and old have benefited by his kindly advice and gentle

When he retires, Mr. Bodley takes with him the best regards of all the students of Fulton High School, who wish him many years of peaceful enjoyment in the realization of a job well done

MR. ROBERT C. MACDONALD

In our 1934 *Fultonian*, Mr. Macdonald's picture appears for the last time as principal of Fulton High School. It might be said that he is being graduated with us. In July, Mr. Macdonald will assume his new position as Superintendent of the Fulton Schools.

Mr. Macdonald's appointment to the superintendency was viewed by the high school with mixed emotions. We knew he would bring to the city position all the qualities that we have come to depend upon—integrity, understanding of student problems, alertness to student needs, and unselfish devotion to duty. However, the high school will certainly miss the intimate personal supervision which he has given us through the years.

Mr. Macdonald received his bachelor of arts degree from Wesleyan University in Connecticut and went on to receive his master's degree from Columbia University. He began his teaching career in Oswego High School in 1916. In 1929 he succeeded Lyndon Strough as principal of Fulton High School.

As Mr. Macdonald assumes his new position in the school system, we of Fulton High School would like to express our appreciation for all his services and offer our best wishes for the future.

MISS ALICE G. McCAFFREY

Attendance Supervisor

Cheerful and kindly in humor, wise and friendly in counsel, great in heart, she retires from service with all our good wishes.

MISS M. GERTRUDE JOHNSTON

Vice Principal

Miss Gertrude Johnston is the able vice-principal of Fulton High School. She is an assistant-administrator, chairman of the assembly and tardiness committees and head of the English department, this year she has also served as our class advisor.

CARPE DIEM

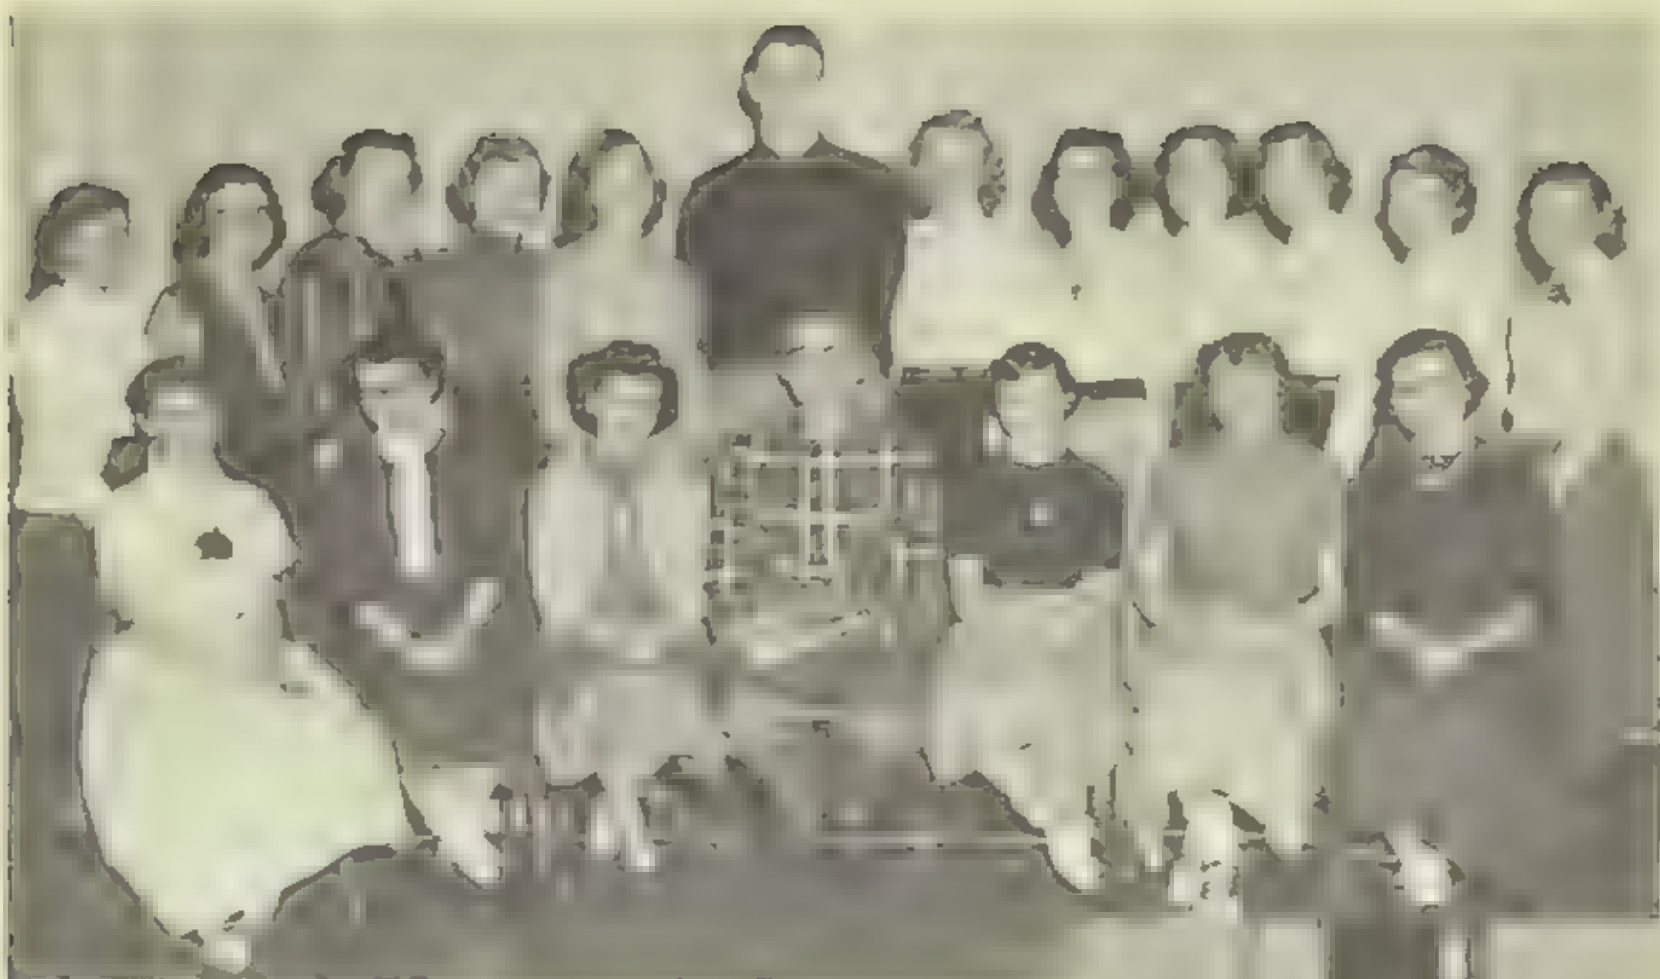

"Who is vulnerable in the second hand?" is one of the many questions that keeps Miss Wallace busy at Carpe Diem

Every second Wednesday evening in the month you could find a group of "expert" junior and senior College Entrance students having a jubilant time playing bridge in the home of one of the members. There is usually much confusion when six or seven card tables are wedged tightly together in an allotted area.

First came a short business meeting which kept Dave Mitchell, president, busy selecting people to make tallies and bring tables for the next meeting. Our vice president was Beverly Parish and our secretary, Dawn Lamphear. Larry Scott, treasurer, diligently collected dues so that we could munch on candy while playing.

The Grand Finale of Carpe Diem was the picnic in June which always winds up the activities and fun for another year

Many of the boys attended the County Fair at Sandv Creek this year, and others camped at Oswegatchue.

Under the supervision of Mr. Black, a few boys sell candy, gum, potato chips, milk and orange at noon in the cafeteria to raise money for their treasury.

The idea of a Booster Club originated in Student Council, and the club was organized shortly before January. Mr. Rose became its first adviser. He has worked very hard to get the club going.

The purpose of the organization is to take charge of all matters pertaining to school spirit. The first project the "boosters" successfully undertook was the printing of programs for athletic games. The Civic Industrial Organization donated a sum of money to the Booster Club to get them started on this project.

The club planned the pep assembly which was held before the Fulton-Oswego basketball game in March.

Council also undertook their annual projects which included a Christmas collection for the Oswego County orphans and the awards assembly.

Student Day was sponsored by Council on March 19. Students were elected in their classes to act as the teacher that day. The officers of Student Council took over the general duties of Mr. Macdonald, Miss Johnson, Mrs. Smith and Mrs. Holroyd. The home room representatives on Council acted as home room teachers for the day.

VISUAL AIDS

Lug the screen! Cart the projector! Tote the extension cord! We owe a vote of thanks to the boys who so faithfully serve their fellow students in this manner.

The students who run the motion picture projector under the supervision of Mr. Abbott have donated much free time, too, so that the teachers may use a variety of learning devices.

It's a service to the school that we all appreciate.

During each period of a school day, you will find one of these girls acting as secretary to Mr. Otis in the canteen.

Typing letters, delivering passes, answering the phone, and finding occupational and college material for other students are a few of the receptionists' duties. Under the supervision of Mr. Otis, they are a valuable part of the school's administrative staff.

The Buzz also has received many commendations from readers for its splendid advertisements.

Varsity

Fulton High's Red Raiders completed their 1953-1954 season with a very impressive record of 12 wins and 5 losses.

For their only defeat at home, Fulton bowed to Watertown by one point in the final seconds of play. On the Fairgrieve court, the Red Raiders chalked up victories against such teams as: Camden, Ulca Free, and Auburn, and then closed the season with a glorious victory over Oswego, to avenge a defeat earlier in the year.

Teamwork seemed to be the keynote as the Red Raiders of Fulton High School completed their most successful season in many years.

Junior Varsity

Prospects for future seasons were brightened by the splendid record compiled by our Junior Varsity team. Although the Jay-vees were sparked by the four senior members, the majority of the team is made up of underclassmen who will be candidates for future varsity squads.

At the first meet in Utica we placed eighth among twenty-four teams. At Baldwinsville, Fulton ran third. Fulton placed first in a hard fought battle at Altmar-Parish. For the Section 3 meet the team returned to Utica to place second against a superior Watertown team.

We are now after a second trophy at the Palladium-Times meet in Oswego. The first trophy was won last year after winning the meet 3 times in succession.

Against its arch rival, Oswego, 6 Fulton men finished in the first 8. At Watertown the hard running Fulton team received a trophy for being runner up in Class A.
